Gasoline - Manual - 82536km - 06/2017

Ref 44545

Description

Make	Audi
Model	A1
Description	1.4 TFSI 125 BVM6
Mileage	82536 km
Type	Passenger car
Body type	Compact / Citycar
Doors	5
Seats	5
Exterior color	Black
Interior color	Other
Upholstery	Other

Technical

Fuel type	Gasoline	Gears	6
Gearbox	Manual	Cylinders	4
Cylinder capacity	1395 cc	Horse power	126 hp
Power KW	92 kw		
Drive train	Front		

Dimensions

Weight empty	1105 kg	Weight max	2825 kg
Wheelbase	2469 cm	Length	3973 cm
Height	1422 cm	Width	1746 cm

Equipment

Interior LED lighting package: Front reading lights Vanity mirror illumination Interior door lock control illumination Interior ambient LED lighting Floor and footwell lighting at front, plus interior door handle lighting Illuminated glove compartment Illumination lamp in roof module	Isofix mounting for rear seats
Electronic ignition switch, ignition key for storing various service data	Collision braking assistant
Particularly sporty, direct power steering with electromechanical assistance, speed-dependent and energy-efficient; trajectory-stabilizing radius of curvature	Tire pressure control
Heated front seats: backrest and seat warmer, including side bolsters	Comfort automatic climate control
Large-volume driver and front-passenger airbags	Red rear lights, white reversing light, rear fog light and innovative lighting design
Cigarette lighter and ashtray on front center console	Center console with 2 beverage holders and additional storage compartment
Exterior mirrors with integrated LED indicators and aspherical mirror glass	Electronic differential lock (EDL), starting aid, automatically brakes the wheels on slippery and uneven roads, ensuring excellent traction
LED brake and rear lights with new three-dimensional design	ASR electronic traction control
Power windows with anti-trap protection, convenience open/close function via central locking and impulse open/close function	Electronic immobilizer, integrated into engine management system, automatically activated by vehicle key
Model/technology identification on trunk lid	2-speed windshield wipers with 4-position adjustable intermittence, one-shot wipe and automatic wash-sweep control, reversible wiper with

	rest position for longer blade life, rear wiper with automatic sweep when reverse gear is engaged.
Navigation package with navigation data (SD card): Connectivity package Navigation data for Europe, map display on 6.5" color screen, MMI control and voice command system	Zeitgeist fabric upholstery
Side impact protection with extremely rigid bars in the doors and reinforced body side structure, particularly in the central roof pillars and door sills	Xenon Plus headlamps with LED daytime running lights, including brake lights, rear lights and LED rear license plate lights with new three-dimensional design
Tire Mobility System Compressor and puncture filler	Timed interior lighting with switches on all doors; trunk lighting
Rain and light sensor, including gray strip in upper windshield area	3-spoke leather Sport steering wheel
First-aid kit in trunk under load floor	Removable luggage cover
Tire repair kit with 12-volt compressor and tire sealant, max. speed 80 km/h	3-spoke leather Sport multifunction steering wheel
Black Audi exclusive gloss package	Turn signals with freeway function: a brief press on the lever activates 3 flashing cycles
Electric outside mirrors	ESC with electronic transverse lock: Electronic Stability Control (ESC) ensures greater stability in certain situations by braking the wheels one at a time and acting on engine management, with hydraulic emergency brake booster. The electronic transverse lock function distributes drive torque according to the driving situation through targeted braking interventions. When cornering, transverse locking actively corrects the vehicle's course. This means improved traction and cornering dynamics...
Front side airbags integrated into front seatbacks: a head airbag system protects front and rear passengers in the event of a side impact, deploying in front of the side windows	Chassis: deletion of Sport chassis

Day/night interior rearview mirror in headliner color	On-board tools in trunk
Additional front and rear floor mats	Front-wheel drive EDS electronic differential lock by intervention on the drive-wheel brakes, ASR electronic traction control, ESP electronic stabilization program with brake assistant
Anti-theft nuts	Body-color exterior mirror housings
Singleframe, front grille in high-gloss black with central Audi chrome rings	Large, illuminated glove compartment on passenger side
Adjustable front and rear headrests	Folding and pivoting sun visors on driver and front passenger sides with illuminated, black-out vanity mirror
Front center armrest	Seatbelt monitoring for all seats, with an acoustic and visual signal at the front to warn if the seatbelt is not fastened, and a visual signal at the rear to warn if the seatbelt is fastened.
Safety steering column complements the protective potential of seat belts and airbags	Energy recovery: by increasing the generator voltage, kinetic energy is converted into electrical energy for use during deceleration or braking. This energy relieves the alternator when the car accelerates again, saving up to 3% in fuel consumption.
3-seat rear bench seat	Height-adjustable front passenger seat
Rear seatback folds in 2 parts, 1/3, 2/3 or completely	4-stage adjustable ventilation and heating system, 4 separately adjustable round air diffusers, defroster nozzles for windshield and side windows, front and rear footwell diffusers, manual air recirculation mode, mixed and anti-pollen filter
5-spoke V-shaped cast aluminum wheels, contrasting gray, partially polished, 7.5Jx17", with 215/40 R17 tires	Defrosting rear window with timer, additional heating of lower rear wiper blade
S line exterior package: fog lamps S line rear spoiler chrome-plated exhaust tailpipes (single or twin, depending on engine) front/rear bumpers, side air intakes and air diffusers in sporty design S line	Folding, cushioned grab handles integrated into headliner

badges on front fenders body-colored
sill extensions sill moldings with S
line lettering front grille in high-gloss
black, front spoiler center edge and
air diffusers in high-gloss black

Rear Parking System

Central locking with radio-frequency
retractable key, Autolock function
and radio-frequency remote control
integrated into vehicle key

MMI Radio (Concert), including MMI
control concept with 6.5" color
display, MP3/WMA and AAC-
compatible CD and SDHC card
players, and 8 speakers front and
rear, total output 80 watts

Heated outside mirrors and washer
nozzles

High-pressure headlamp washer
Cruise control including on-board
computer with efficiency program
Childproof locks on doors and rear
power windows

Adaptive brake lights: hazard
warning lights flash in case of
emergency braking to warn following
vehicles. Activation of hazard
warning lights when stopped.

Metallic paintwork

Dynamic chassis, McPherson front
axle for maximum dynamism and
supreme comfort. Mixed-arm rear
axle with new, redesigned guide
bearings for precise lateral guidance
and excellent handling. 4-link rear
axle with wheel-independent
suspension and separate suspension
and damping system.

Aluminum interior package: Elements
on interior door lock control, door
handles, climate control, aluminum-
style rotary light knob, sill moldings
with aluminum insert

Interior color-matched velour
carpeting

Indicator lights for airbag, ABS,
ESP/ASR, handbrake applied, EDS
electronics, generator, lighting,
headlights, indicators, brake system,
engine oil pressure, trunk closure,
engine electrical system, preheating
system (TDI), etc.

Jack, stowed in trunk

Warning triangle in trunk

Automatic 3-point seat belts for all
seating positions, pyrotechnic
pretensioners, belt height adjustment
in the front; belt tensioners on all
outer seating positions

Luggage-securing eyelets, 4 in trunk,
for securing luggage and objects,
optional attachment points for mixed
net

On-board computer with 3.5"
monochrome display

Galvanized body (fully galvanized in corrosion-sensitive areas), self-supporting, welded to the floor assembly, pre-defined deformation zones at front and rear, lightweight aluminum front fenders (12-year warranty against corrosion)

Door panels with fabric center section and integrated armrest

12-volt power socket on center console

Start & Stop system with regenerative braking

Normal front seats in Zeitgeist fabric with manually adjustable backrest length and tilt; manual adjustment of driver's seat height and belt height

Integral head restraint system: thanks to the seat's design, the upper body is received and the head supported in the event of a rear-end collision, enhancing protection and reducing the risk of neck trauma

Central display with adjustable lighting, coolant temperature indicator and fuel gauge, tachometer with digital clock, tachometer with non-proportional dial, electric odometer and trip meter, indicator lights, service interval indicator.

Gloss Black air diffuser surround

Visible double exhaust tailpipe on left

Storage compartments in side doors and center console

Interior rearview mirror with automatic day/night adjustment

Athermic windows
