Hybride Rechargeable 225 Design

Plug-in Hybrid Gasoline - Automatic - 23km - 12/2025

Ref 52337

Description

Make	Toyota
Model	C-HR
Description	Hybride Rechargeable 225 Design
Mileage	23 km
Type	Passenger car
Body type	SUV / Off-Road
Doors	5
Seats	5
Exterior color	Grey
Interior color	Other
Upholstery	Other

Technical

Fuel type	Plug-in Hybrid Gasoline		
Gearbox	Automatic	Gears	1
Cylinder capacity	1987 cc	Cylinders	4
Power KW	112 kw	Horse power	153 hp
Drive train	Front		

Dimensions

Weight empty	1720 kg	Weight max	2855 kg
Wheelbase	2640 cm	Length	4362 cm
Height	1564 cm	Width	1832 cm

Toyota C-HR

Hybride Rechargeable 225 Design

Plug-in Hybrid Gasoline - Automatic - 23km - 12/2025

Ref 52337

Registration and Warranty

First Registration	29-12-2025		
Warranty start	28-12-2025	Warranty end	28-12-2028
Warranty length	36 months		
Battery Warranty start	28-12-2025		

Options

Comfort

Automatic climate control	Keyless start
Seat heating front	Steering power
Steering wheel heated	

Safety

ABS	Alarm
Cruise control adaptive	Emergency call
ESP	Parking assist camera
Tire pressure check	Traction control

Infotainment

Bluetooth	USB
-----------	-----

Extras

Alloy wheels	Metallic color

Hybride Rechargeable 225 Design

Plug-in Hybrid Gasoline - Automatic - 23km - 12/2025 Ref 52337

Equipment

Front and rear parking radars (PKSB) When driving at low speed or in reverse, the radars can detect static objects (obstacles, walls, etc.) or moving objects (vehicles crossing in reverse), and the parking aid braking system provides assistance to reduce the impact.	3 USB-C ports
Rear Cross Traffic Alert (RCTA) This warning system uses blind spot sensors to detect vehicles approaching from the side when you are reversing out of a parking space. If it detects a risk of collision, the system automatically brakes and stops the vehicle.	Electric front/rear windows
6 HP	Full LED lights (front/rear and fog lights)
Smart Entry & Start keyless entry and start system	Heated front seats
Puncture repair kit	Driver Attention Monitor (DAM) This system uses a camera above the steering wheel to monitor the driver's alertness and condition. The system sends a warning if it detects an abnormal condition, such as fatigue. These activities are used to improve the performance of the Emergency Stop Support System (EDSS) through early detection of distraction.
Monochrome interior mood lighting, non-customizable and non-interactive: footwell/passenger storage compartment	Automatic activation of rear hazard warning lights (FHL)
8 airbags	Dual-zone automatic climate control
Two-tone anthracite gray fabric upholstery with white stitching	Continuously variable automatic transmission

E-Call" automatic emergency call system

Tinted rear windows and glass

Heated steering wheel

Mode 2 (Type 2) 1.8 kW / 6-meter charging cable (domestic)

Reversing camera

Programmed electrostabilizer (ESP)

Manually adjustable passenger seat

18" alloy wheels

Tire pressure monitoring

Electric, automatic folding and defrosting outside mirrors

Power steering

Customizable 12.3" digital speedometer

Metallic paintwork

Safe Exit Assist (SEA) This system helps prevent accidents by monitoring other road users approaching from behind. When it detects the presence of a cyclist or a vehicle, an indicator light appears in the exterior mirrors and on the multi-

Laminated soundproof glass

Rear Seat Reminder System (RSRS)

Electrochromatic rearview mirror

Driver's seat with electric lumbar support

Toyota Smart Connect multimedia system: 8-inch high-definition color touchscreen, Bluetooth, USB, and radio connectivity, FM and DAB (digital), Apple CarPlay and Android Auto smartphone connectivity system (wireless), smart services including connected navigation with real-time traffic information, map updates, Hey Toyota voice assistant, and point of interest search (included for 4 years)

Traction control system (TCS)

Monotone bodywork

Trunk with raised floor

Rain-sensing front wipers

Synthetic-wrapped steering wheel

Electronic parking brake

Mode 3 (Type 2) 22kW / 7.5-meter charging cable (Wallbox)

Blind Spot Monitor (BSM) When sensors detect a vehicle in your blind spot, an indicator light illuminates on the corresponding exterior mirror. If you activate your turn signal to indicate a lane change while a vehicle is in your blind spot, an indicator light appears in the corresponding mirror to warn you of the danger.

Black lacquered door B-pillars

information display, and an audible alarm alerts occupants.

Flush door handles

ABS

Full-LED front optics

Toyota Safety Sense: Pre-Collision System with vehicle, pedestrian (day/night), and cyclist detection, also active at intersections (PCS), Lane Departure Alert with Lane Keeping Assist, Lane Tracing Assist, and Driver Fatigue Monitor (LTA), Intelligent Adaptive Cruise Control with Stop (ACC), Traffic Sign Recognition with Speed Limiter (RSA) and Automatic High Beam (AHB), Autonomous Emergency Braking System (EDSS)

Exterior mirrors with ground lighting

Alarm with immobilizer function

Manually adjustable driver's seat
