### Equipment

|                                                                        |                                                                                                                                                                                                                                                                                                                                                                                           |
|------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Bluetooth interface for cell phones                                    | Adaptive Cruise Control (ACC): uses a radar sensor to detect vehicles ahead within the system's limits and maintains a safe distance by adjusting the brakes and accelerator (active control from 30 to 160 km/h for manual transmission, from 0 to 160 km/h for DSG; up to a complete stop only with DSG). The driver can set the desired distance from other vehicles using four levels |
| Comfort front seats with lumbar support                                | 14 cm sliding rear bench seat                                                                                                                                                                                                                                                                                                                                                             |
| "Hexalink 3D" fabric upholstery                                        | Front center armrest                                                                                                                                                                                                                                                                                                                                                                      |
| Keyless Access (keyless locking/unlocking and start/stop button start) | Start-Stop" system with brake energy recovery system                                                                                                                                                                                                                                                                                                                                      |
| Interior mood lighting                                                 | Driver and passenger front airbags                                                                                                                                                                                                                                                                                                                                                        |
| Lane Assist: lane-keeping assistant                                    | ISOFIX lashing lugs (for 2 child seats on the outer rear bench seats and 1 child seat on the front passenger seat)                                                                                                                                                                                                                                                                        |
| Tire pressure loss warning                                             | Height-adjustable front passenger seat                                                                                                                                                                                                                                                                                                                                                    |
| Front and rear curtain airbags                                         | Flat-tire repair kit including 12 V compressor and sealant                                                                                                                                                                                                                                                                                                                                |
| Silver roof rails                                                      | Multifunction leather steering wheel with paddles                                                                                                                                                                                                                                                                                                                                         |
| Rain sensor with automatic windshield wiper                            | Wireless App-Connect display and control via the vehicle's touchscreen, of compatible content, functions and applications present on the Smartphone (compatible with Apple CarPlay and Android Auto systems). Wireless function only available with Apple CarPlay                                                                                                                         |

Fatigue Detection: driver fatigue detection system which analyzes driver behavior and recommends a rest period through visual and audible messages

Variable loading floor with 2 positions

Multifunction on-board computer

Blind Spot Detector To guide you through lane changes, it provides visual indications in the outside mirrors when a vehicle is in your blind spot or less than 50 meters behind you.

Power steering

Metallic paintwork

Hill-Hold Assist
